High school  
78
- 2015**      **Tyndale Biscoe School**  
Intermediate  
88

### PROJECTS

#### Android Application on Mobile Adhoc Network

Mobile devices supported by mobile ad-hoc network (MANET) make possible communication and coordination among mobile devices during emergency situation. I have developed a prototype of Android-based application that work using MANET. The prototype has purpose to provide communication and information required for search and rescue operations for emergency scenarios.

#### SLRMCS Blog website

SLRMCS is a peer reviewed biannual journal shows main purpose is to foster cutting edge and debate on politics and law with special focus on India.
